Board Approves Funding for MLK Children's Library

SAN BERNARDINO – On Tuesday, the Board of Supervisors approved a \$5,000 allocation to purchase books and other materials for the Martin Luther King Jr. Children's Library located in the Lewis Library and Technology Center in Fontana.

"The Children's Library is a very fitting tribute to Dr. King because it serves as a meeting place where children of different races, social backgrounds and cultures learn and play together," said Board of Supervisors Chairman Paul Biane, who requested the allocation. "This funding will help the library add books to its collection and pay for materials needed for the many programs it offers young children."

The 13,000-square-foot Martin Luther King Jr. Children's Library features a variety of engaging activities for young people, including colorful kiosks that provide touch-screen access to books in multiple languages. The Children's Library also offers programming such as Toddler Boot Camp, which aims to teach youngsters basic balance skills, and Pre-School Storytime.

The Lewis Library and Technology Center is located at 8437 Sierra Avenue in Fontana. Residents can call the library at (909) 574-4500 for more information.
